7th October 2023

Dear Ms Simms

DCCONLEG 6.038.43.LB ZC23/01443/LB Repair works on two sections of flanking wall forming part of the weir and cascade outlet from the lake within the Studley Royal Water Garden located within the Fountains Abbey and Studley Royal World Heritage Site (1000094) and Grade I registered park and garden (1000410). The proposed works are intended to stabilise the wall and repair the damage through installation of modern retaining walls which will be dressed using the stones saved from the extant walls. Following the repair, the walls will be reinstated to their former character and stabilised for the future. Weir And Cascade At Lake Outlet Studley Park Studley Roger North Yorkshire HG4 3DY. RECONSULTATION

Thank you for reconsulting The Gardens Trust (GT) in its role as Statutory Consultee with regard to any proposed development that could affect a site included by Historic England (HE) on their Register of Parks & Gardens – Studley Royal at grade I. The Yorkshire Gardens Trust (YGT) is a member organisation of the GT and works in partnership with it in respect of the protection and conservation of registered sites and is authorised by the GT to respond on GT's behalf in respect of such consultations.

We have nothing further to add to our letter of 2nd May. The Gardens Trust and Yorkshire Gardens Trust have no objection to this planning application.

Yours sincerely,

Val Hepworth
